

FAQs – FRONTLINE® Gold for Cats USA

1. How does FRONTLINE® Gold for Cats work?

FRONTLINE® Gold for Cats spreads from the single point of application, rapidly covering the entire cat and localizing in the hair, on the surface of the skin and in the sebaceous glands. These glands act as a reservoir, continuously replenishing FRONTLINE® Gold for Cats onto the skin and hair coat, so it keeps working even if the cat gets wet.

2. How often do I need to use FRONTLINE® Gold for Cats?

One dose (pipette) of FRONTLINE® Gold for Cats should be applied once per month to protect against fleas and ticks. Year-round application is essential for pets in many parts of the country.

3. Do I need to use other flea & tick treatments while using FRONTLINE® Gold for Cats?

No, FRONTLINE® Gold for Cats is an effective treatment against fleas and ticks that works for a full month. If applied correctly and on a regular monthly basis, you do not need to use any other treatments while using FRONTLINE® Gold for Cats.

4. Why might I see fleas on my cat after treatment?

You are likely seeing new fleas on your pet, which are jumping on your pet as it moves through infested areas in and around your home. Depending on the severity of the existing infestation, you may continue to see new fleas jumping on your pet for three months or more.

5. Can my cat get wet right after applying FRONTLINE® Gold for Cats?

Your cat needs to be dry at the time FRONTLINE® Gold for Cats is applied and remain dry 48 hours after application.

6. Where can I find the expiration date for FRONTLINE® Gold for Cats and how long will it last once I've bought it?

FRONTLINE® Gold for Cats has no expiration date.

7. I suspect that the FRONTLINE® Gold for Cats I got might be a counterfeit, what should I do?

Anyone concerned about the efficacy or authenticity of a FRONTLINE® Gold product they have purchased is encouraged to contact our Veterinary Technical Solutions Team at 1-888-637-4251. The integrity of our products and the health of your pet are Boehringer Ingelheim's top priority.

8. What should I do before I treat my cat?

Read entire label and enclosed directions before each use.

9. I did not see the answer to my questions. Where can I find the additional information?
